Wet Weather

Rain is supposed to be a sign of good luck on a wedding day! The Mussel Kitchen only has enough room to comfortably seat and serve 60 guests out of the wet weather. If you have concerns about weather being a big impact on your wedding day, we do suggest that you plan to hire a marquee or stretch tent.

Noise

It will be at The Mussel Kitchen staff discretion to control the volume of music if needed.

Premise License

As a venue, we provide wedding exclusivity for the day of your event between 8am and midnight, however, our license requires that music and alcohol service is to be finished by 11.00pm with guests vacating by midnight. We are happy to hold things for you securely overnight after your event but we ask that all decorations, gifts, and any lost property are removed by 10am the next morning.

Any extra cost for additional equipment (i.e. marquee, seating, tables, linen etc...) will be paid for by the wedding party. Should you not reach the minimum spend on the night, then the difference will be given to you in your choice of MK Brewing Co. beer, wine and/or The Mussel Kitchen gift vouchers.

Our staff are here to help. They are happy to help out with other things you may require. Ceremonies/receptions must begin after 4pm on your wedding day and we provide a rough outline of how proceedings usually run, however, you may customise your timeline and we ask you provide us with a copy or the completed run sheet prior to your big day.

Left Over Policy

It is our responsibility to ensure you are well catered for and so we may choose to over cater to be on the safe side. For this reason it is the policy of The Mussel Kitchen that all left over catering remains with us.

Deposit

The deposit, equal to the venue fee will need to be paid 3 months in advance from the wedding day.
